

# Suggested alternative routes

**East Midlands Trains services are currently suspended from London St Pancras International.**

To travel northbound from London you will need to use one of these alternative routes and your tickets will be valid today on the other operator's trains.

## Getting to the other London stations

**London King's Cross** is immediately adjacent to St Pancras International and is clearly signed.

**London Euston** is a short walk (approximately ten minutes) along Euston Road. Turn right at the front of the station, then right at the Fire Station.

If you are unsure please ask a member of the station team who will be happy to help.
